Consideration of Report On

to Be Last Step Before
Legislature Adjourns,
Probably Late This After-
noon Or Tonight—Agree-
ment House Victory.

(ASSOCIATED PRESS TELEGRAM)
Columbus, May 29.—Next to the last step before the final adjournment of the legislature expected late today, was taken by the house this afternoon when it accepted the conference committee's report on the Sprague congressional bill, by a vote of 65 to 36. The bill, a Republican measure, was put to the vote after a long and bitter fight. The fate of this measure thus was put in the hands of the senate, where Republican members must stand together in order to insure enactment of the measure. Consideration by both houses of the conference committee's report on the budget appropriation bill, was the principal piece of business yet remaining before the legislators can quit their work and end the regular session of the 81st general assembly. Pressure from Republican state leaders was exerted on Republican senators who had protested they would not vote for the redistricting bill as recommended by the conference committee, and senate leaders declared they expected its passage in the upper house. Only one member of the conference committee, Senator Cass of Putnam refused to sign the report. Those who gave their approval were Senators Winans and Wise and Representatives Sprague, the bill's author, Whittemore and Reighard. The agreement was considered a victory for the house, as only two changes were made in the original measure as it was passed by the lower body. Vinton county was transferred from the eleventh to the tenth district, and Huron was taken from the seventeenth and placed in the thirteenth. The latter amendment caused Representative McClade of Huron to cast his vote against the bill. Five districts, the third, fourth, ninth, thirteenth and twenty-first are Democratic, according to the new congressional map, and fourteen are Republican, with two doubtful. Putnam county is transferred to the fourth district, and the seventeenth is left as constituted at present. These were the two districts under greatest dispute. Senate members of the conference committee on the budget appropriation bill won a majority of their contentions for increases, after an all-night session of the committee, and the compromise bill was reported to both houses about noon. Salaries of members of state commissions were left as at present in most cases, despite the bills passed earlier in the session, making reductions of from \$1,000 to \$1500 in the salary of each. Chairman Reighard of the house finance committee expected to report on the bill today. (Continued on Page 2, Col. 5.)

ANSWER TO U. S. NOTE PREPARED

Unofficial Advices Say It
Will Be An Invitation to
"Define Terms"

LUSITANIA BEFORE
ARGUMENT

Simultaneously In Berlin
and Washington Accord-
ing to Best Information
Obtainable By the State
Department—Germany's
Delay Had Caused Wide-
spread Speculation.

(ASSOCIATED PRESS TELEGRAM)
Washington, May 29.—Ambassador Gerard reported today that while the German reply to the American note had not yet been delivered to him, he knew that it contained a request for an agreement on the facts in the Lusitania case.

(ASSOCIATED PRESS TELEGRAM)
Washington, May 29.—Germany's reply to the American note regarding the destruction of the Lusitania was being awaited today by administration officials with keen interest. It was to be handed to Ambassador Gerard in Berlin today who, it was believed here, would immediately cable it to the state department. Unofficial information received here said the reply would be given to the German press tomorrow for publication. It probably will be given out here for publication at the same time.

Unofficial advices said the reply would embody a proposal to the United States to defer definite consideration of Germany's submarine policy and the American demands until the two governments have had an opportunity to determine just what sort of vessel was sunk—whether the Lusitania was a peaceful merchantman, as assumed in the American note, or an auxiliary cruiser on the British navy list, mounting concealed cannon and carrying munitions of war as indicated by information the Government claims to have.

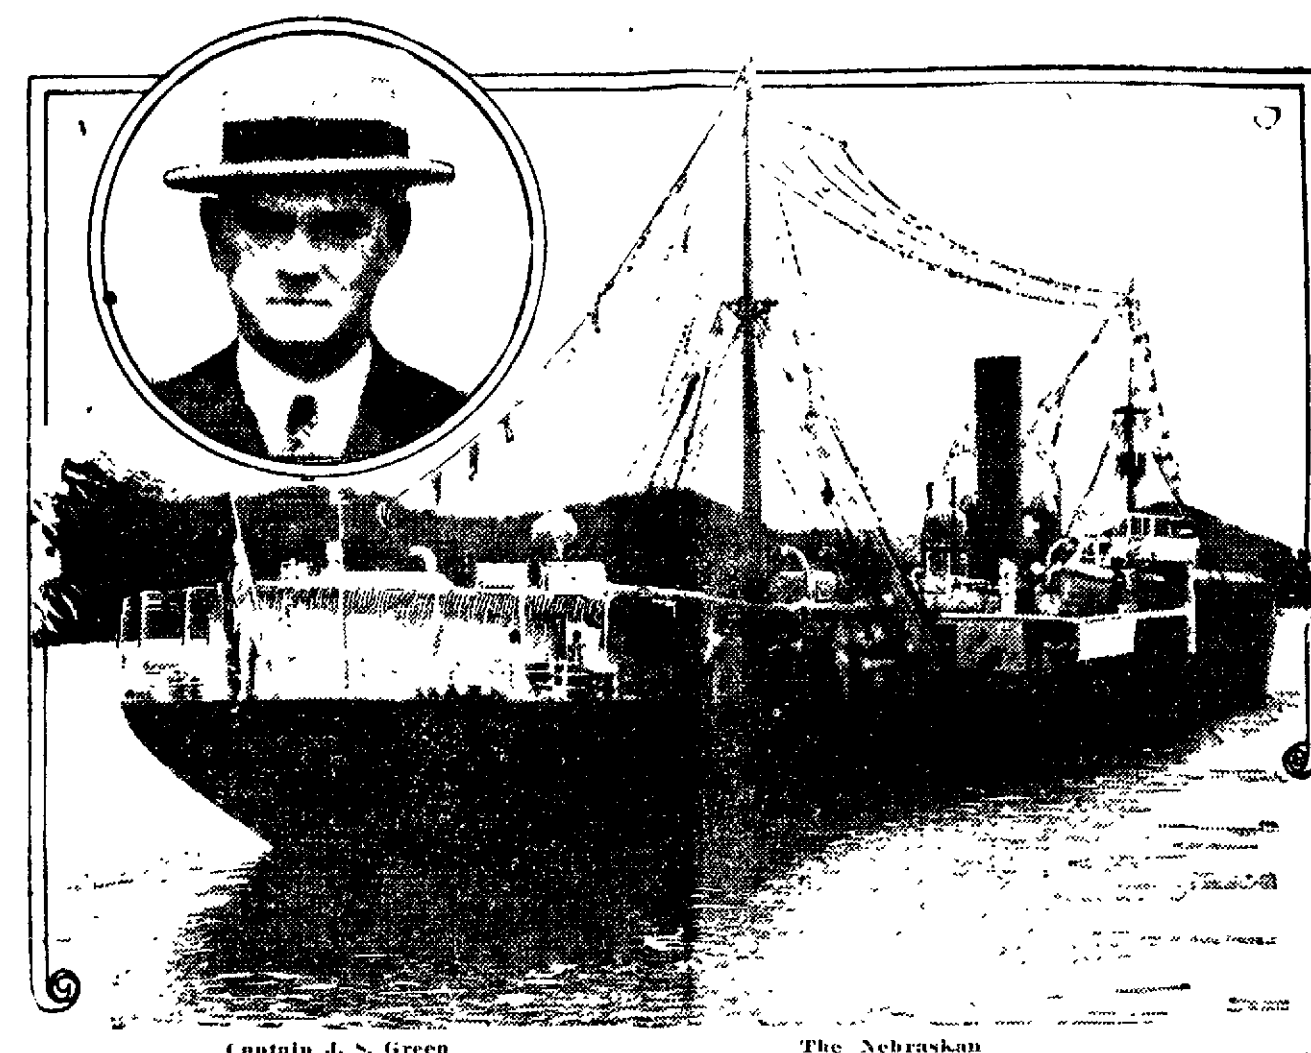

The reply, it was said, would be in effect an invitation to "define the terms" to be used in the argument before proceeding with the discussion.

Germany's delay in replying to the American note had caused widespread speculation in official and diplomatic circles.

On the eve of Germany's reply to the American note on the sinking of the Lusitania there are indications that President Wilson will take the position that if Germany wishes to conduct a long diplomatic negotiation, she first shall suspend submarine warfare on American ships or those carrying American lives.

It was expected here that the German note might be delivered any hour today to Ambassador Gerard. The first official dispatches in from Europe gave no intimation of the situation and officials were of the opinion that should the document be delivered to the American embassy today, it might not reach Washington much before Monday. They had no official intimation of its contents. The passing of three weeks, however, (Continued on Page 2, Col. 3.)

First American Ship to Pass Through Panama Canal Torpedoed Off Irish Coast.

Captain J. S. Green

The Nebraska

Captain Brown Bros

The Nebraska, the first ship to go through the Panama Canal, was the victim of a torpedo or mine off the coast of Ireland, Tuesday, May 25.

The photograph here shown of the vessel was taken as she went through the canal in gala array. She was struck while about 40 miles southwest of Fastnet, Ireland, and down at the bow, she started back to Queenstown. When the vessel left San Francisco in August for her trip through the

Panama Canal there was much ceremony. The mayor christened her for the trip.

She is an American-built, American-owned, and American-manned vessel. She was launched at Camden, N. J., in 1902, for the American-Lawson Line. She is of 4400 tons gross, 101 feet long, and 46 feet beam.

The Nebraska left New York for Liverpool on May 7 with a general cargo, under charter to the Atlantic Transport Line, for one voyage. She

discharged her cargo and on May 21 left Liverpool in ballast for the Delaware Capes.

The charter to the Atlantic Transport Line expired when the Nebraska delivered her cargo in Liverpool. Even though she might have taken munitions of war to England on her eastward voyage she was strictly an American ship, in ballast, bound for an American port when she was damaged. Before the war the Nebraska plied between New York and Hawaii.

National Cash Register Company's Officials Contest Government's Attempt to Have Case Reviewed

(ASSOCIATED PRESS TELEGRAM)
Washington, May 29.—Briefs were filed in the supreme court today in behalf of John H. Patterson and other officers of the National Cash Register company, Dayton, Ohio, in opposition to the recent application of the department of justice for a writ of certiorari to review their convictions under the criminal section of the Sherman anti-trust act in the federal district court in Ohio, but which later was reversed by the federal circuit court of appeals.

The reversal of the federal circuit court is held to be final under the terms of the Sherman act. The briefs point out that section six of the act provides that the decrees of the circuit courts of appeals shall be final in certain cases, "including cases arising under the criminal laws."

While this provision has its qualifications it is maintained that the act itself clearly makes the judgment of the federal circuit court final in this case.

It is also pointed out that the proper place for any further action is before the federal district court, as the reversal did not dismiss the indictment or discharge the accused, but merely remanded the case back to the lower court for a new trial.

"The government ought not to be permitted in such a case," says the reply, "to speculate on a favorable decision of the circuit court of appeals and upon being disappointed to vex the respondents with a further review."

Answering the government's contention that the defendants had forced out of business many competing companies and absorbed the bulk of the trade, the brief quotes the

finding of the circuit court of appeals, saying:

"In justice to the National company and the defendants it should be noted that it was the pioneer in the cash register business and developed it. It owned the basic patents, and must have acquired in a proper manner a very great number of improved patents, in addition to this it had the advantage of very great capacity in the management of its affairs. These two considerations, together without reference to any unfair treatment of its competitors, are sufficient in themselves to account in a large measure for the success it has attained."

Replying to the strictures upon the accused, made in the petition and brief filed by the department of justice, the reply says:

AIR DUEL

RESULTS IN GERMAN PLANE
SHOOTING NOSE DOWN-
WARD 6,000 TO EARTH

As Result of Point Blank Volley
From French Airship—Aviator
Was Killed.

(ASSOCIATED PRESS TELEGRAM)
Paris, May 29.—Aviator Lieutenant von Buelow, believed to be a relative of Prince von Buelow, the former German imperial chancellor, was killed near Fismes, according to the Matin, in an air duel with a French aeroplane belonging to the newly formed rapid squadron M. S. 12. The French pilot describing the battle, said:

"Wednesday morning I saw an Albatross machine coming from the German lines headed for Paris and I gave chase. He was 8,000 feet up. I went up to 9,000 feet, rapidly overhauling him and the fight began. We were now less than 30 feet from the Albatross but we were under such headway that we overshot him and I got a bullet in the shoulder but it didn't prevent me from continuing the chase.

"The Germans tried to escape by dropping but I flew over them again. Apparently one of them was wounded. Suddenly my lieutenant got in a volley at point blank range and the Albatross tipped forward, shooting nose downward 6,000 feet to the earth. We followed them with our eyes. When the machine struck the earth, it seemed to crumple into a ball and bounded along the hillside like a wounded rabbit running. We followed them down, descending in spirals. The pilot lay some yards away where he had been thrown out while the observer was crushed under the engine. In one of his pockets we found a paper bearing the name 'Lieutenant von Buelow,' imperial gaurd. Berlin. We found in the wrecked aeroplane ten large bombs and 40 grenades."

The pilot given his choice of the Legion of Honor or the military medal, chose the latter.

MUTILATION

OF BODIES IN SUNKEN F-4 BY
FISHES WILL BE PRE-
VENTED

By Removing Them From the Vessel,
Which Is Now Twenty-Four Feet
From the Surface.

(ASSOCIATED PRESS TELEGRAM)
Honolulu, May 29.—Owing to the discovery of a 10-foot hole in the side of the submarine F-4, submerged since March 25 on the floor of the ocean outside the harbor here, an attempt was to be made today to remove from the vessel the bodies of its crew of 21 men to prevent possible mutilation by fish. The hulk is now within 24 feet of the surface.

Towing and lifting operations were halted, divers prepared to enter the hulk and a barge was made ready to receive the bodies. The hole in the submarine, according to divers who made an inspection late yesterday, is at the point of juncture of the vessel's forward and middle compartments. They removed a quantity of bedding from the hole and brought it to the surface.

Naval officers said the hole probably was caused by constant pounding of the hulk on the ocean bed in the heavy seas of the last few days.

(ASSOCIATED PRESS TELEGRAM)
London, May 29.—A report received by Lloyds, states that the steamer Champagne of the French transatlantic line, which ran ashore near St. Nazaire, has broken in two.

The 900 passengers aboard the Champagne were removed in safety. The steamer which was built in 1886 had a net tonnage of 3,068. She was 403 feet long with a beam of 52 feet.

WARNING

GIVEN AMERICAN SHIPPING TO
HAVE NEUTRAL MARKINGS
CONSPICUOUS

And to Navigate the Established
War Zone (Cautiously)—Refers
to Lusitania.

(ASSOCIATED PRESS TELEGRAM)
Washington, May 29.—An urgent warning to American shipping against traversing the naval zone incautiously and to have all neutral markings displayed as conspicuously as possible, including illumination at night, was communicated to the state department today by the German government through the American embassy at Berlin.

The German warning was announced in the following statement made public by the state department:

"The American ambassador at Berlin has been informed by the German foreign office that in view of the fact that during the past few weeks it has repeatedly occurred that neutral ships have been sunk in the water designated as an area of maritime war by the German admiralty on February 4, 1915, and especially in one case where it was established that the sinking was traceable to an attack by a German submarine which took the neutral ship for an English vessel, in the darkness, on account of the inadequate illumination of its neutral distinctive markings, it recommended that American shipping circles again be warned against traversing the area of maritime war incautiously and also be urged to make the neutral markings as plain as possible and especially to have them illuminated promptly and sufficiently at night."

FRENCH REPORT A NIGHT ATTACK WAS WITHSTOOD

(ASSOCIATED PRESS TELEGRAM)
Paris, May 29.—The French war office this afternoon gave out a report on the progress of hostilities as follows:

"In the region to the north of Arras there occurred last night a very violent artillery engagement. The enemy bombarded particularly our positions on the heights of Lorette. A night attack made it possible for us to make further progress to the east of the roadway between Aix-Noulette and Souchez. At about midnight, a German counter attack on our trenches at Ablain St Nazaire was easily repulsed.

"In the Argonne, in the vicinity of Fontaine Madame, we yesterday took possession of a section of the enemy's trenches."

NINE OF CREW BURNING SHIP ARE RESCUED

(ASSOCIATED PRESS TELEGRAM)
San Francisco, May 29.—Nine of the crew of thirty-one of the freight steamer Mackinaw, which drifted all night afire in a heavy gale south from Point Reyes, were picked up today from two of the ship's boats by the pilot tender California.

A third boat, which left the ship at the same time, is missing.

ANOTHER SHIP HAS BEEN SUNK BY A SUBMARINE

(ASSOCIATED PRESS TELEGRAM)
Liverpool, May 29.—The Elder Dempster line steamer Ethiope has been torpedoed and sunk.

The chief officer and 16 men of the Ethiope have been picked up. The rest of the crew is supposed to be in boats.

The Ethiope was bound from Hull to Liverpool whence she was to have sailed for East Africa ports. The vessel was sunk by the German submarine U-24.

The Ethiope was of 2475 tons net, was built in 1906 and was owned in Liverpool. She was 340 feet long. She was last reported as arriving at Hull, England, on April 22 from Lagos.

16 OF ETHIOPE'S CREW WERE PICKED UP AND BROUGHT TO FALMOUTH.

(ASSOCIATED PRESS TELEGRAM)
Falmouth, May 29.—The steamer Saxonian brought into this port late last night Captain McDonald and 16 members of the crew of the Ethiope. They were picked up while drifting about in a small boat. Sixteen other members of the crew, in another boat, have not been reported as yet. The Ethiope was proceeding down the Channel at 9:30 o'clock last night when the report of a gun was heard and a shot crossed her bows. A submarine which appeared to be about 300 feet long came into sight. The Ethiope attempted to escape, but two more shots were fired and the vessel was stopped.

The commander of the submarine gave the men on the Ethiope five minutes in which to take to the boats, and then torpedoed the steamer. She sank in five minutes.

CHILD DIED OF FRIGHT.

London, May 29.—The reply of the imperial German government to the note of the United States concerning the sinking of the Lusitania is awaited with keen interest in England. The belief is general that Berlin will endeavor to gain time by the discussion of debatable points in the questions at issue.

Terrific fighting is continuing along the River San, in Galicia, with the Austro-German hosts making progress, except at Sienawa, 50 miles north of Przemyśl, where, according to the claims of Petrograd and the admission of Vienna an Austro-Hungarian force is being thrown back across the river to the west bank. In this action the Russians assert that they captured several thousand prisoners and a number of guns.

In the Caucasus the Russians, now in occupation of the city of Van in Turkish-Armenia, are steadily advancing against the Turks.

The latest report given out by French army headquarters dwell on the British advance toward La Bassée and further French progress in the most difficult sector of the Lens-Arras line. Near Ecurie, a little to the north of Arras, a formidable German fortress bars the road to the eastward. The French have captured a part of this work which is known as the Labyrinth, and they are now endeavoring to rally to reduce it. The Germans are fighting stoutly to prevent allied progress in this direction, and they have made no less than seven sanguinary assaults on the new French position at Alangres. Berlin reports that the battle at Ablain-St. Nazaire is still raging.

SERVICES HELD FOR A VICTIM OF THE LUSITANIA

(ASSOCIATED PRESS TELEGRAM)
Chicago, May 29.—Memorial services for Herbert Stuart Stone, who lost his life on the Lusitania, were conducted by Dr. John Timothy Stone, at the Fourth Presbyterian church here today. Had Mr. Stone lived this would have been his forty-fourth birthday. Chicago was Mr. Stone's home for many years.

Among those present were Mr. and Mrs. Melville E. Stone, parents of the decedent, Mrs. William G. McCormick of Baltimore, mother of Mr. Stone's widow, other relatives and friends and many Chicagoans to whom the torpedoing of the great liner brought bereavement.

Need Steamship Lines To Cement Relations Between Two Americas

(ASSOCIATED PRESS TELEGRAM)
Washington, May 29.—Plans for steamship lines between the United States and South America—the one element which all delegates to the Pan-American financial conference agree is essential to closer relations between the Americas—were presented today to the transportation committee.

A permanent committee of representatives of the United States, Argentina, Brazil, Chile, Uruguay, Ecuador and Peru to work for the development of the plans was recommended. Two subcommittee reports differing only in proposals of procedure were submitted.

The reports were presented to the conference this morning by the entire transportation committee with the recommendation that "it is the unanimous conviction of the committee that such plans ought to be adopted as will most speedily establish direct effective and permanent

transportation facilities between the United States and the republics of South and Central America."

ANSE HATFIELD NOTED FEUDIST CRITICALLY ILL

(ASSOCIATED PRESS TELEGRAM)
Charleston, W. Va., May 29.—Anse Hatfield, leader of the Hatfield, clan in the famous feud with the McCoy family of Kentucky and West Virginia, and known as "Devil Anse," is critically ill at his home in the mountains of Island Creek, Logan county, according to reports received here. Since the feud ended about 12 years ago, Hatfield has been active in the pursuit of farming. Less than a year ago he came here to enter vaudeville, but after appearing several times at a local theatre, he found that an old federal court order prohibited him from leaving the state, so he returned to his cabin home.

President Determined That Conditions Must Be Improved in Mexico

(ASSOCIATED PRESS TELEGRAM)
Washington, May 29.—Attention was again focused today upon Mexico as the result of President Wilson's determination to warn the Mexican leaders that conditions in the southern republic must improve. The president's forthcoming pronouncement was awaited with the keenest interest here. Its contents are known only to officials who decline to reveal what it contains, except to say that recognition of any faction is not contemplated.

Possibility of intervention was heard again as the result of the new turn in Mexican affairs. The president's decision became known in an appeal issued as head of the Red Cross, urging contributions to relieve destitute people of Mexico.

After conferring with Duval West, just back from Mexico, President Wilson declared last Tuesday that there would be no change in his Mexican

policy. But more recent events brought about his determination to act. These include the seizure by Carranza authorities of large quantities of corn purchased by the International Relief Committee, and the inability of the authorities at Vera Cruz and Mexico City to provide transportation for supplies to succor the ever-increasing bread line.

It was said that the present action was not intended to assist one of the warring factions in Mexico at the expense of another, but to demand, in effect, that they reach a prompt solution of their troubles, or at least provide for the sustenance of the starving population.

In connection with conditions in Mexico, the American Red Cross has issued a statement, describing them as "appalling." "Great numbers of unfortunate people are victims of the long-continued fighting," says the statement. "They have been facing starvation for months and now have

OVERCOME BY GAS; ROSSIN FOUND DEAD

Fred Rossin, colored, thirty years old, son of Mrs. Florence Rossin, 221 Thirteenth street, was found dead last night in the waiting room of a railroad station at Crestline, according to information received at police headquarters today and transmitted to his relatives here. Few details were given in the report at headquarters but it was stated that Rossin entered the waiting room, apparently fell asleep and was asphyxiated by unburned gas.

Rossin's father, Andrew J. Rossin, was found dead in a hotel at Chicago in 1911.

Arrangements were made to have the body shipped to this city for funeral and burial. It probably will arrive Sunday morning.

Rossin was single and was known among his friends as an expert pool player. He has traveled over the central part of this country in recent years.

His mother and several brothers and sisters survive.

ANSWER

(Continued from Page 1.)
ever, since the Lusitania was torpedoed, has not diminished the tension in high official quarters, where the conviction prevails that President Wilson feels Germany should make an early disavowal of any intention that American lives should be lost.

The admission by the German admiralty that a German submarine torpedoed the American steamer Greiflight without warning is taken to confirm the conclusion the Washington government reached before the Lusitania note was sent. Reports from Berlin that the German submarine commander had said that close investigation of the neutral or belligerent character of the Greiflight was dangerous because she was in company of two British patrol boats was pointed out by officials as proof of their contention that German submarine commanders without a visit or search or warning may subject all American vessels to the same risk as the Greiflight.

Ambassador Gerard has been sending dispatches regularly, concerning the probable contents of the German note, but these have been guarded with the greatest secrecy, inasmuch as the German government itself was said not to have finally decided on the details of its reply and officials did not desire to complicate the situation by any personal conjectures as to what the note would contain before the full text was available.

That the German government, however, had decided to ask for an agreement on the facts in the Lusitania case—whether she was an auxiliary cruiser on the British naval list and carried a cargo of war munitions and explosives, and whether she was armed with guns mounted on a deck—was indicated in some of the ambassador's dispatches in line with press reports from the German capital.

Officials were unwilling to make any comment on the reception of such a proposal, but in well-informed quarters, however, it is believed the German government's statement of its understanding of the facts will be met promptly with a statement of the American government's information and a counter proposal that while the discussion is in progress there shall be an abatement of attacks on American vessels or lives.

FRIEND SENDS \$5 FOR FLOWERS ON MEMORIAL DAY.

Orrie Thorson, mayor of Glenwood Springs, Colorado, yesterday sent to Mayor R. C. Butler a postal money order for \$5 with instructions to purchase flowers for Memorial Day and send them to J. H. Griffith, brother of Oliver Griffith, who died a week ago Friday at Glenwood Springs, just before he was to be operated upon. Thorson and young Griffith were friends and after the young man's death Thorson took charge of arrangements for his funeral. The body has not arrived from Colorado. Mayor Butler carried out the instructions in the letter.

EVIDENCE THAT THE NEBRASKAN WAS TORPEDOED

(ASSOCIATED PRESS TELEGRAM)
Washington, May 29.—Evidence forwarded by Ambassador Page to the state department today gathered by Lieutenant John H. Towers, naval attaché at the American embassy at London, indicates that the American steamer Nebraska was torpedoed by a submarine.

Lieutenant Towers made a technical examination of the Nebraska on her arrival at Liverpool and took statements and affidavits from Captain Green and members of the crew. The chief engineer stated that he saw the wake of a torpedo just before the vessel was attacked. The detailed evidence is being sent by mail, but a summary of main features of the cable report was issued by the state department.

Officials who read the report said it contained all the evidence of an attack by torpedo. There had been some doubt whether it was not a mine.

ITALIANS ARE IN PURSUIT OF THE AUSTRIANS

(ASSOCIATED PRESS TELEGRAM)
Geneva, Switzerland, May 29.—Via Paris. The Italians, after a severe night along the front north of Lake Idro, have captured the town of Storob and are now bombarding the Riva. On the eastern front, north of the Gulf of Trieste, the fighting is in progress south of Gorizia. The Austrians are retreating slowly. Italian forces have arrived before Gradisca, about 16 miles from Trieste. The Italian authorities issued an order last night, prohibiting the Austrians and Germans from leaving the country.

FLOOD DANGERS NEAR KANSAS CITY CONSIDERED PAST

(ASSOCIATED PRESS TELEGRAM)
Kansas City, Mo., May 29.—Flood danger in the immediate vicinity of Kansas City is past, according to announcements made by the local United States weather observer today. While both the Missouri and Kansas rivers rose slightly but steadily during the night, the immediate danger of a disastrous overflow was considerably lessened.

Little rain fell in the water sheds of the Missouri at Kansas in the last 12 hours and early today the larger tributaries of the rivers were reported stationary or falling.

Conditions in Kansas City, Missouri and Kansas today were almost normal. The most serious situation reported today was at Pottsville, Mo., where the flood waters of the Grand river have submerged the city town and where a shortage of food is reported.

17-YEAR LOCUSTS ARE EXPECTED IN EAST THIS YEAR

Washington, May 29.—Warning of the expected appearance of the 17 year locust, a uniquely known as brood VI or the cicada, in the East in May and June, was issued today by the department of agriculture. Little actual damage to nurseries and young orchards is expected from the insect. Scientists of the department, however, are keeping close watch of the territory where the locusts are due to appear with a view to minimizing the damage.

While the expected brood is said not to be as important one, it covers much wider territory than any of the other 17 year broods. This particular insect is due to appear in scattered localities covering much of the northern and central states lying between the Hudson and the Mississippi, extending along the Appalachian elevated plateau into northern Georgia and South Carolina.

It made its first appearance in this particular territory in 1898. The scientists suggest various measures to combat the insect including their collection and destruction.

PRESIDENT

(Continued from Page 1.)
reached an advanced stage when only food supplies can save them from death.

President Wilson's forthcoming statement will contain a detailed review of conditions and serve as a warning on the national leaders, that the United States will insist on an improvement of the internal situation.

While officials refused to discuss what alternative the President has in mind, it was widely intimated that the administration is determined to take such steps as may be necessary.

The statement has been written by President Wilson himself and is said to contain about 1500 words.

It will be forwarded to the various Mexican leaders, through American agents. It is said to be based on the conclusion that conditions in Mexico have come to such a state that the United States must see to it that there is a change.

An embargo on the exportation of arms from the United States is understood to have been under consideration. The report to President Wilson by General West, who recently returned from Mexico, is said to have pictured the apparent inability of any faction to get command of the situation. The President, however, it is understood today was not determined on this plan by Mr. West's report alone, but took those facts in connection with much other data that has been coming to him for months.

American Red Cross supplies for the famine sufferers are to be concentrated in three great government warehouses at Galveston, Laredo and El Paso.

THOUGHT WAR DECLARED ON THEIR RACE

Six young men from Summit Station, ranging in years from 18 to 25, were haled into Justice Fletcher S. Scott's court late Friday afternoon, charged with making an assault on occupants of a box car at Summit Station.

Several days ago the young men learned that a number of new Italian laborers had been imported to Summit Station for the purpose of railroad construction work. The boys found out that they were new-comers to this country, that is within the past six months. They knew Italy had declared war and they decided to give the new-comers a test of courage.

Sneaking up on the car in which the men bunked they locked the doors and began beating a tattoo on the car with sticks and stones. Blank cartridges were fired into the air and the lads emitted war whoops that would have aroused the jealousy of some of the old comrades. It is said the foreigners cried and prayed and then that they got out their fire arms. They thought an advance guard of the Austrian army had landed in the United States to capture them and transport them across the water.

Soon the fusillade subsided and the attacking force retreated. The township constable had been called in the meantime and he released the imprisoned men. The result was that warrants were issued for six of the young men and their tun cost them ten dollars each and the costs in the case. In addition Justice Scott threw in a little fatherly advice and warned them to desist from anything of a like nature in the future and if their warlike proclivities persisted in cropping out he would advise them to join the army.

TURKISH FORCE OF 80,000 MEN RESISTS ALLIES

(ASSOCIATED PRESS TELEGRAM)
London, May 29.—Turkish troops defending the Gallipoli peninsula against the landing forces of the allies number 80,000 men, according to the correspondent at Athens of the Reuters Telegram company.

The Turks are remaining on the defensive in the Caucasus and are concentrating all their efforts on the Gallipoli, whither reinforcements are being brought from Syria. The supplies of ammunition, both for the infantry and the artillery are reported to be decreasing rapidly with no prospect of being replenished.

Reports reaching Athens from Sofia set forth that Bulgaria is holding to neutrality but the leaders of the opposition party believe that if Rumania intervenes in the war, Bulgaria will follow suit.

SPRAGUE BILL

(Continued from Page 1.)
planned that salary reductions were not made for officials who held office under the old salaries, but were provided only for those members recently appointed with the understanding that their pay was to be cut. Facilities commissioners will have to serve for \$4,500 instead of \$6,000, their present salary, in view of the early resignation of Democratic members by request of Governor Willis.

A major part of the senate's addition of \$135,000 appropriations to the bill was retained, it was said.

A number of minor additions to the Sundry claims bill urged by Democratic senators, were made by the senate finance committee early today. These indications of liberality broke the Democratic determination to vote against that bill and thus prevent its getting the two-thirds vote necessary for passage.

The obstructive tactics had been agreed on last night at a caucus of minority senators.

The conference committee on the Sprague congressional redistricting proposal worked feverishly during the morning. Republican members consulting frequently with Governor Willis, who was reported to have insisted not only that a compromise be reported to both houses, but that it be done without further delay so that adjournment could be taken today.

Legislators who were called to the private executive offices came out with the report that the governor had become impatient with the assembly's procrastination, and continued postponement of the quitting hour.

BILLS SIGNED BY GOVERNOR WILLIS.

(ASSOCIATED PRESS TELEGRAM)
Columbus, May 29.—Governor Willis today signed the following bills:

Powell, providing aid for weak school districts; Lustig, permitting refunding of taxes paid by mistake into the state treasury; Gilmore, (two bills) authorizing the sale of certain lands in Montgomery county; Chapman, permitting county commissioners to erect comfort stations; Mueller, providing for establishment of a court of domestic relations in Montgomery county; Snyder, authorizing building and loan companies to sell their securities when they desire to wind up their business; Boehman, exempting interstate railroads operating less than 16 miles of road within Ohio, from provisions of the present law prescribing the size of cabooses.

Many of the largest Japanese warships have been equipped with wireless telephones which operate successfully for distances up to 100 miles.

Bitter Criticism Caused Hotel Man to Come to New York

(ASSOCIATED PRESS TELEGRAM)
London, May 29.—Otto Humbert, owner of the Queens hotel, Queens-town, a naturalized British subject of German birth, sailed from Liverpool today for New York.

A number of the Lusitania's survivors were taken to Mr. Humbert's hotel on their arrival at Queenstown. His origin aroused antagonism and he became the target of bitter criticism on the part of some of the survivors and their friends. His behavior has been above suspicion, but his presence in the hotel where military and naval officers make their headquarters, caused protests. Consequently, Mr. Humbert decided to leave.

MORE BELGIAN RELIEF.

(ASSOCIATED PRESS TELEGRAM)
Pittsburg, Pa., May 29.—Mayors and burgoesses of 28 towns in Western Pennsylvania, at a dinner here last night, pledged 127,250 sacks of flour to be sent at once to starving noncombatants in Belgium. This amount which represents a cash contribution of \$254,500 was pledged in less than 30 minutes.

DEPARTURE OF DIPLOMATS IS WORRYING POPE

(ASSOCIATED PRESS TELEGRAM)
Rome, May 28.—Via Paris. May 29.—Discussing the vexed question of the departure from Rome of representatives of belligerent countries according to the Holy See, the Osservatore Romano, the vatican organ, says:

"Admitting that the Italian government is under responsibility to the Holy See, such a position did not correspond with the dignity of their office. Their departure from Rome must be attributed merely to a new situation created by the participation of Italy in the war. The position of the Holy See is rendered most difficult as it cannot confer directly with representatives of the belligerents, thus restricting the internationality which is so necessary for the pope to carry out his mission to Christian society."

The Courts

Executor's Sale.

Attorney J. W. Horner, as executor of the estate of the late Dr. Joseph Walton of this city, sold the Walton home at 251 North Fifth street, to Dr. Walton's son, D. H. Walton of Unionport, O., for \$2,500.

Suspended Sentence.

A young lad from Outville, who claimed to be 16, and who was charged with a revolting act, was brought before Juvenile Judge Robinson Hunter today. He was given a suspended sentence to the reform farm at Lancaster, O., and a scathing lecture by the judge, with the admonition that if he came before the court again the sentence would be carried into effect.

Divorce Again Refused.

Columbus, O., May 29.—Because common pleas court of Licking county did not see fit to grant a divorce to Irwin H. Peters or to Mrs. Cora B. Peters of Pataskala, on her cross-petition last October, Judge Bigger refused to grant either a divorce in Franklin county. The husband and wife accused each other of gross neglect and infidelity. They were married in 1908 and have a 1-year-old son.

Constable at Columbus.

Joseph B. Yates, the well known constable of the justice court of Fletcher S. Scott, journeyed to Columbus this morning to be present he stated before leaving "to help adjourn the legislature." A number of Uncle Joseph's friends insinuate, however, that something else or someone else is responsible for the visit. The constable donned an entire new summer outfit, packed his suitcase and stated that he might be gone for several days.

SIX FOREIGNERS BURIED UNDER FALL OF SLATE.

(ASSOCIATED PRESS TELEGRAM)
Fairmont, W. Va., May 29.—Six foreign miners were buried under a fall of slate and earth in Mine No. 9 of the Jamison Coal company here today. Two were taken out dead and hospital doctors said that two others of the injured will probably die.

CLEARING HOUSE STATEMENT.

(ASSOCIATED PRESS TELEGRAM)
New York, May 29.—The statement of the actual condition of clearing house banks and trust companies for the week shows that they held \$182,332,410 reserve in excess of legal requirements. This is an increase of \$3,017,880 over last week.

ROBBERS ARE FOILED.

Cleveland, May 29.—Two men were arrested today when they attempted to break into Fred Babin's pawnshop. They are being held on suspicion that they know something about the robbery of the shop Thursday night when \$1000 worth of jewelry was stolen.

The names of the German and Austrian Emperors have now been removed from the list of British field marshals in the army list, also from the lists of officers of the Royal Dragon Guards, of which regiments they were respectively colonels-in-chief.

The ups and downs of life are proven by the man who descends from his ancestors and still rises above them.

Only 5% PLUS for the Best "Non-Skid"

PRACTICALLY all Non-Skid Tires that make serious claims to non-skid efficiency cost you 10% to 15% more than Plain Tread tires of same brand and material.

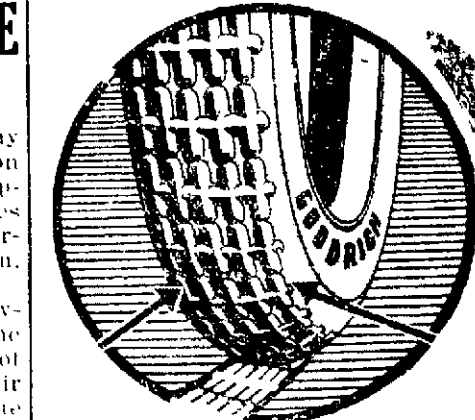

Goodrich Safety Tread Tires cost you only 5% more than our plain tread tires.

Here's how and Why!

FORTY-FIVE years of Rubber working (in what is now the World's largest Rubber Factory) has taught us a few Kinks and Short-cuts that are not common to the Trade.

One of these now comes to the help of your Pocket-book.

Through the simple process of Thinking Hard (and being Candid with ourselves) we have found a Short-Cut to make the *Best Safety Tread* ever put on a Tire cost us only about 5% more than it costs to make the Plain Tread of similar quality.

Goodrich Safety Tread Tires cost you only 5% more than our own or any other plain tread tires.

Not the following table of comparative prices (based on 1918 prices) but the fact that "A", "B", "C" and "D" represent four highly advertised tires.

		OTHER MAKES			
		"A"	"B"	"C"	"D"
30 x 3 1/2	\$9.75	10.55	10.95	11.35	11.80
32 x 3 1/2	12.25	13.35	14.25	14.70	15.30
34 x 3 1/2	14.00	15.40	16.30	16.85	17.50
36 x 3 1/2	16.25	17.80	18.80	19.45	20.25
38 x 3 1/2	18.75	20.45	21.55	22.30	23.25
40 x 3 1/2	21.50	23.40	24.65	25.50	26.60

Be testing out these Goodrich Safety Tread Tires on a large number of highways (where they could be comparatively observed and carefully checked up at the end of each day's use) and by comparing their actual performance with that of our own, and other Plain-Treads, of much higher price, we have had this fact forced upon us—

—That there is **SURPRISINGLY** more Mileage, in Goodrich Safety Tread Tires, than in our own, or any other, make of Plain-Tread Tires.

So **MUCH** more Mileage, for only 5% more Cost, looked so good to us that we decided to give Car Owners the benefit.

Here's what we now offer you!

The **Best Non-Skid Safety Tread** ever put on the market, and it costs you only 5% more than our best plain tread tire.

"Georgia Peach" Also Leads in Stolen Bases and Runs Scored—Week's Baseball Statistics.

(Associated Press Telegram)
Chicago, May 29.—Every team in the National League except St. Louis has a representative among the ten leading hitters, according to averages published here today, including the games of last Wednesday. Boston leads in the number with three. Fred Luderus of Philadelphia continues to set the pace with a percentage of .390. Then come Ty Cobb of Cincinnati .370; Good, Chicago, .364; Connolly, Boston, .351; Groh, Cincinnati, .346; Daubert, Brooklyn, .337; J. Smith, Boston, .336; Merkle, New York .325; Hinchman, Pittsburgh .315; Rudolph, Boston, .310. Chicago and Cincinnati are tied for the leadership in club batting at 261. Bresnahan's eleven steals still are high water mark. Saier, Chicago, holds scoring honors with 28.

With five victories and no defeats, Pierce of Chicago leads the pitchers. Coombs, Brooklyn, is credited with three wins and no losses; Standridge, Chicago, with two and none; Meadows, St. Louis 2 and 0; Lavender, Chicago 2 and 0; Alexander, Philadelphia 8 and 2; Mamaux, Pittsburgh 4 and 1.

Ty Cobb ran his average from 400 to 427 in the past week and has accumulated 19 stolen bases, leading his rivals of the American league as well in runs scored—a total of 41. Fournier, Chicago, has lost second place in batting to two of his team mates. Following Cobb, the leaders are: Daly, Chicago 421; Russell, Chicago, 400; Fournier, Chicago, 378; Jackson, Cleveland, 355; Crawford, Detroit 341; Ruth, Boston, 333; Kavanagh, Detroit, 322; Lajoie, Philadelphia, 307; Shotton, St. Louis, Strunk, Philadelphia and Melins, Philadelphia, tied for tenth at 205, Detroit with 265 and Chicago with 260 lead the clubs.

Credited with four victories and no defeats, Reuz, Chicago ranks first among the pitchers. Jones, Cleveland, has won one and lost none; Faber, Chicago, 9 and 1; Fisher, New York 6 and 1; Daus, Detroit, 7 and 2.

Bennie Kauff, of Brooklyn, hitting 497, still tops the Federal league and his manager, Lee Magee is next with 389. Then come Kirby, St. Louis, 387; Flack, Chicago, 371; Campbell, Newark, 362; Tinker, Chicago, 357; Meyers, Brooklyn, 348; Blair, Buffalo, 347; Cooper, Brooklyn, 341; Evans, Brooklyn, 339; Magee is a head on stolen bases, with 11, one more than Kauff. Evans helps the Brooklyn monopoly of honors by scoring the most runs, 28.

Brooklyn, with 298 and Newark with 263 lead in team hitting.

Leading pitchers are Prendergast, Chicago 4 and 0; Herbert, St. Louis, 1 and 0; Allen, Pittsburgh, 7 and 2; Cullen, Kansas City, 6 and 2; Dickson, Pittsburgh, 3 and 1; LaFitte, Brooklyn 5 and 2; Seaton, Brooklyn, 7 and 3.

Gharrity's average of 472 still keeps the Minneapolis player on top in the American Association. Following him are Paddock, St. Paul, 457; Lehigh, Kansas City, 373; Grossin, Louisville, 367; Gardner, Cleveland, 363; Reall, Milwaukee, 355; Compton, Kansas City, 352; Richter, Indianapolis, 352; McMillan, Indianapolis, 340; Platte, Louisville, 338; Kansas City with 288 and Indianapolis with 281, lead the clubs. Nixon, Cleveland, Bronkie, Indianapolis, Kelly, Indianapolis and Randall, Milwaukee, are tied for base stealing honors with ten apiece. Deall leads the run getters with 31. The association's leading pitchers are Ellis, Louisville 4 and 0; Triple, Indianapolis 3 and 0; R. Williams, St. Paul, 4 and 1; Young, Milwaukee, 7 and 2; Schardt, Indianapolis, 6 and 2; Dougherty, Milwaukee, 2 and 1; Delhi, Kansas City, 8 and 3.

Wratten's Men Attack Early and Drive Recruit From Box; Two Released, Two Signed

Akron, O., May 29.—Lefty Connors, a recruit from the South Carolina league was easy for Newark yesterday, and was driven to cover after the second frame in a free hitting contest in which Newark won 7 to 6. Nine hits and six runs were scored by the visitors before Manager Newnam jerked the Southerner and sent in McGee, who pitched consistent ball. But one run was scored after McGee took the rubber, and that in the ninth.

Dougherty was hit hard, but Akron could not overcome the lead. A batting rally in the last inning came within one of calling for an extra session.

Franken and Myers were released by Newark. Price, a Youngstown product, who was seen here in the days of the Interstate league, went to short, while Miller, who hails from Kane, Pa., was sent to the center garden. "Pitcher" Red Baird, released by Akron, was signed by Newark, and left here with that club.

Dillon, on the bench for Newark, objected to a decision by Umpire Pastorius in the third inning and was ordered out of the grounds.

SCHWEITZER HITS HARD IN CANTON GAME FRIDAY

Canton, O., May 29.—Two-base hits by Maroney and Reynolds, with two out in the tenth inning, produced the winning run for Lima. The score was 4 to 3. Schweitzer led in batting with a home run, two doubles and a single. Score: R. H. E. Lima 4 12 1. Canton 3 6 2.

Batteries—Walker, Reynolds and Maroney; Spahr and Kirby.

REDS DEFEAT THE ROCHESTER CLUB IN EXHIBITION

Rochester, N. Y., May 29.—Cincinnati combined finely nitting with Rochester errors and Huenke's passes and defeated the International Leaguers yesterday in an exhibition, 11 to 1. Score: Cincinnati 11 8 0. Rochester 1 4 5.

Batteries—Toney and Wingo; Huenke and Williams and Erwin.

Select Officials For Football Games On Gridirons East

(Associated Press Telegram)
Philadelphia, May 29.—Officials for the more important football games next fall were chosen here last night at a meeting of the intercollegiate football rules committee's subcommittee on officials. Dr. James A. Babbitt, of Haverford College, presided and men prominent in the gridiron affairs of all the leading colleges were present.

Tufts, of Brown will referee and Fultz, of Brown will umpire the Yale-Harvard game, while Dr. Williams, Pennsylvania will be field judge, and Morice, Pennsylvania, head linesman. At the Princeton-Harvard contest, Langford of Trinity will referee; Williams, umpire; Pendleton, Bowdoin, will act as field judge and G. N. Barthart, linesman. For the Yale-Princeton game, Tufts will referee; Marshall umpire; Morice will be field judge and Pendleton linesman. In the Pennsylvania-Michigan game, Langford, Fultz, Eckersall and Holderness will be the officials while in the Pennsylvania-Cornell game on Thanksgiving day the same officials as acted last year have again been chosen.

Tufts will referee both the Princeton-Dartmouth and Pennsylvania-Dartmouth contests. Hallahan will umpire the former game and Fultz the latter.

Kentucky Handicap Offers Purse of \$15,000; Track Wet

(Associated Press Telegram)
Louisville, Kentucky, May 29.—At best a heavy track is promised today for the third annual running of the Kentucky handicap here at Douglas Park. Thirteen all-aged horses probably will start in the race, which is over a mile and a quarter course.

Though comparatively a new event in American turf annals, the stake this year is said to be the richest for which all-aged thoroughbreds will contest. Ten thousand dollars has been added to the purse, making the race worth approximately \$15,000.

Roamer, Andrew Miller's crack eastern four year old, is accorded the impost of honor with 127 pounds. Harry Payne Whitney's Dorrow, now running in the colors of L. S. Thompson, will carry 126 pounds, giving weight to all the other horses representing the west. As was the Kentucky derby, the handicap has resolved itself into a contest between the east and the west. Fifty-seven entries originally were made.

SPY MANIA

THAT DEVELOPED ALONG ITALO-AUSTRIAN FRONTIER IS APPARENTLY JUSTIFIED

Large Advertising Signs Sold to Provide Directions for Warships of Teutonic Allies.

(Associated Press Telegram)
Italian frontier, May 28.—Via Chiasso to Paris, May 29.—The spy mania, which has developed along the Italo-Austrian frontier, apparently is justified by the reported discovery of a carefully planned espionage system developed by Austrians and Germans, especially all through the Garda and along the Adriatic coast.

Every summer many Austrian-Hungarians have visited the towns, villages and fishing hamlets, finding lodgings in hotels and the homes of peasants. Most of the men amused themselves, it is said, by drawing, painting and taking photographs, while the women cultivated friendly relations with the natives who were their temporary neighbors. It is now believed that many of these visitors were playing a part in a great espionage organization.

There is reason to believe also, the authorities declare, that large advertising signs erected along the railway lines especially near important junctions really were intended to provide directions for airships or warships by means of a secret code. Buoys anchored off the coast are believed to have been designated to serve as range finders for naval artillery. It is asserted that it was one of these pre-arranged plans which enabled an Austrian warship at Senigallia (16 miles northwest of Ancona) to fire with such accuracy as to strike a revolving railway bridge. A transport was passing when the shell struck and eight soldiers were killed while several others were wounded.

Residents of Rimini maintain the Austrian squadron was signaled by dense columns of black smoke which poured from the chimneys of a factory in which Austrians were employed.

Signals are reported to have been given at Ancona by means of rockets fired from the deck of a German steamer interned in that port. Reports are current that General Asinari learned the identity of those responsible and had them shot Thursday.

At a meeting at Ancona, between General Asinari, the mayor of the city, Deputy Paretti, Deputy Boreani and the archbishop, with revolutionary leaders who last June attempted to proclaim a republic, the revolutionists pledged themselves to give their property and their lives if necessary in the struggle to crush Austria.

RAIN AND COLD CAUSED 102 GAMES TO BE POSTPONED

(Associated Press Telegram)
Chicago, May 29.—Rain and cold weather have caused 102 baseball games to be postponed in the National, American, and Federal leagues since the start of the season, 6 weeks ago, according to figures compiled here today. The figures set record for major league postponements. The Federal organization suffered heaviest, having 45 games postponed. The National league had 29 and the American 28. In Chicago, the Federals have been obliged to postpone 8 of the last 16 scheduled games.

Second RESERVE FUND. Our reserve fund is now nearly \$150,000. Our net profits in 1915 will, we believe, exceed those of any previous year. Over and above all interest paid and expenses incurred, we expect to have left of our net profits this year at least \$40,000, which will be added to the reserve fund. Assets \$8,500,000. Five per cent paid on time deposits.

Health Promotes Happiness
Without health, genuine joy is impossible; without good digestion and regular bowel movement you cannot have health. Why neglect keeping bowels open and risk being sick and ailing? You don't have to. Take one small Dr. King's New Life Pill at night, in the morning you will have a full, free bowel movement and feel much better. Helps your appetite and digestion. Try one tonight.

Granville

[Special to The Advocate.]
Granville, May 29.—Mrs. John Mc-Lain entertained the members of the W. C. T. U. yesterday afternoon at her pleasant home in Centerville street, and the program presented was greatly enjoyed by the company. Mrs. Sarah Rose, the president conducted the devotional service and announced the topic for the afternoon as Equal Suffrage. Mrs. Christine Cook spoke in an interesting way of the improvement in woman's work, especially in the work of reform, which would follow her enfranchisement, and Mrs. Amy Loughridge among other valuable contributions in her paper, cited the success which has followed votes for women in the several states which have granted the franchise. Following the program Mrs. McLain served delicious refreshments to the thirty guests.

The girls' edition of the Denisonian this week speaks of the "unrelenting rain," which ruined many well laid plans last week. And still the rain continues, reminding one of the old nursery jingle:

"Rain, rain go away,
Come again another day,
Little Johnnie wants to play."

Another full schedule for today includes the T. T. T. banquet; the Sylvan Spring Party, the Sophomore party, Dr. Hurdley's class and the Junior Prom, not to mention the house parties at Buckeye Lake.

Miss Eva Nixon has returned from her successful year's work as teacher in the public school in Shadwick, Ill., and will spend her vacation with her parents, Rev. and Mrs. H. A. Nixon in West Maple street.

Miss Florence Beckel of Newark attended the meeting at Mrs. Ogden's yesterday afternoon.

At the Presbyterian church there will be morning service with communion and reception of members by the pastor, Rev. E. D. Barnes.

Rev. Millard Brelsford, pastor, will preach in the Baptist church tomorrow morning on the topic, "The Macedonian Call of the Present Time."

There will be a regular meeting of the Town Council Tuesday evening.

In St. Luke's Episcopal church at 10 o'clock tomorrow forenoon, there will be Holy Communion and sermon, Rev. Joseph Alexander Leighton, Ph.D., dean of philosophy, Ohio State University will preach.

There will be union memorial services in the Methodist church at 7 o'clock tomorrow evening by the pastor, Rev. A. J. Hays.

Don't forget the memorial service in the Town Hall Monday afternoon at 2 o'clock. Let the picnic, the hay rides and other joyous events wait on this sacred observance, the annual tribute to the Nation's dead.

The Doan Academy debating team has been doing some fine work this year and last night's contest with the Oberlin team deserved a full house, as the pros and cons as set forth in convincing arguments on both sides, were well worth hearing. Dr. H. R. Hurdley, principal of Doane academy, presided. Invocation was offered by Prof. E. Spencer. The Doane trio was headed by Mr. H. C. Phillips whose forensic metal has been tested in several hotly contested debates, and his opening argument for the negative was greeted with a storm of applause. Mr. Hutchins opened for the Oberlin team and made a fine impression on the audience. Somewhat to the surprise of many present the decision of the judges was given for Oberlin. Below is the program:

Proposition.—Resolved, That the United States should impose a literacy test for the purpose of restricting immigration.

Miss Margaret Steopler and Miss Gertrude Roll were delightfully surprised at the former's home in Fulton avenue Friday, each being presented with a silver spoon by the members of the Delta Kappa club. A two course supper was served to the following: Misses Gertrude Roll, Margaret Steopler, Mae McAlpine, Grace Marvin, Ellen Avery, Katherine Steopler, Larie Schwartz, Jessie Barriek, Mrs. Roll and Mrs. Steopler. Messrs. Edward Dunn, Fred Toothaker, LeRoy Fuller, Charles Brown, Elmer Howard, Walter Steopler and Curtis Broome.

Mr. and Mrs. Arthur E. Willert, at their home in Hudson avenue, very delightfully entertained the employees of the F. W. Woolworth company, Friday evening. The event was a surprise, honoring the departure of Mr. Wilbur Buck, assistant manager of the local store, who will leave for Charleston, W. Va., where he has been transferred.

The evening was spent with games and music, and was thoroughly enjoyed by those present, who were: Mr. and Mrs. Wilbur Buck and daughter Ruth, Misses Marjorie Kellenberger, Bonnie Kellenberger, Louise Myers, Thora Slaughter, Mary Ruff, Ruth Braden, Bernice Harter, Nettie Priest, Mary Sullivan, Mary Herrold, Anna Hutson and Della Tucker. Mr. Harold Shannon, Mr. Ruth Willert, and Mrs. John Fitzsimmons.

Miss Mary Elizabeth Avery entertained the members of the Lambda Sigma sorority at her home in Commodore street on Thursday afternoon. A delightful afternoon was spent with needlework and luncheon was served the members and one guest, Miss Virginia Martin. The next meeting will be held at the home of Miss Amy Collins of Hudson avenue.

Miss Hannah Sullivan entertained the members of the Monday Night Bridge Club on Friday evening at her home in Hudson avenue. The game concluded with the awards being made to Misses Helen Ingler and Gladys Beecher. The guests of the club were Misses Louise Elliott, Gladys Beecher and Helen Ingman.

On Wednesday afternoon at her home, Mrs. Titus Hutchinson entertained the members of her sewing club. After several hours pleasantly spent a delicious repast was served to the members.

Those present were: Mesdames Charles Richards, Ed Jones, Howard Butcher, C. C. Jamies, Dave Davis, Frank Jones, Ernie Jones, George Willard, Marion Brooks, Frank Brooks, Frank Holley. The guests of the club were Mrs. Edward Taylor of Newark, Mrs. George Horton of Granville, Miss Catherine Butcher of Granville. The next meeting will be held at the home of Mrs. Frank Jones, June 9.

The Social Sewing club met at the home of Mr. Walter Mowery. Owing to the rainy weather only twelve members were present. The afternoon was spent in making and distributing the club cloths which are to be worn at each meeting. Light refreshments were served. The next meeting will be with Miss Lucy Smith.

Every Day Etiquette

"Please tell me how long a guest should remain after a dinner" asked troubled Jane.

"It is never polite or kind for the hostess for a guest to hurry away to meet another engagement before the last course has been served. If a guest spends an hour or so with her hostess after dinner she cannot be adversely criticised," said her aunt.

The organization of rifle clubs for women is spreading rapidly throughout England. In one of the latest that at Gateshead, 150 women gave in their names in a week, and proposals for a uniform are already under consideration.

Obituary

Mrs. Charles Smoots.

Mrs. Charles Smoots died at her home in Outville, this county, yesterday morning at 5 o'clock, death being due to a complication of diseases. She was aged sixty years, was a woman highly respected by all who knew her and was a most excellent neighbor and a kind and loving companion to the husband who survives her, no children having been born to them. Three brothers and four sisters survive, being Fred Burrell, of this city, Charles Burrell of Dayton, Irvin Burrell of Alton, Ill., Mrs. Geo. W. Coulter, Mrs. Daniel Ragen and Miss Martha Burrell of this city and Mrs. Samuel Munn of Dallas, Texas. The funeral will occur Sunday afternoon at 2 o'clock at Outville and interment will be made in the Kirkersville cemetery.

George C. Hughes.

George C. Hughes, aged 29 years, a son of Mrs. Anna Larason, died at his mother's home in Outville yesterday after suffering for several months with a complication of ailments. Mr. Hughes was a former employee of the Crystal Ice Co., in this city and was a well known young man. The funeral will take place Sunday afternoon, the cortege leaving the home at 12:15 o'clock for Belle church east of Utica, where services will be held. Interment in the church cemetery.

W. H. Cone.

W. H. Cone, 56, died at 6 o'clock this morning at the home of J. G. Montgomery in Tenth street. Mr. Cone was a bachelor and came here from Coshocton some months ago to make his home with Mr. Montgomery who was an old friend. Mr. Cone having retired from active business, he became ill last Sunday, suffering with a complication of ailments and although receiving the best of attention and medical aid passed away at the hour stated. The body was shipped to Coshocton today where a number of relatives reside and the funeral will probably take place today.

Elmer Norris.

Elmer Norris, 19 years old a laborer, who has been employed at the American Bottle Company, died this morning at 10 o'clock at the City Hospital where he was taken Friday morning from his home 115 Oakwood avenue. The cause of death has not been determined, though some form of brain inflammation is believed to have been a contributory cause. An autopsy was performed at the Bradley morgue at noon Saturday by Dr. J. R. McClure, who attended the man.

Mr. Norris is survived by a widow and three children. Arrangements for the funeral have not been made.

Mrs. Delilah R. Jessup.

Mrs. Delilah R. Jessup, wife of Hiram J. Jessup, died at the home at 12:15 this morning as the result of a stroke of paralysis.

Delilah R. Fowler was born in Mt. Vernon, Ohio, August 3, 1846, and was united in marriage with Hiram Jessup, Dec. 25, 1880, he being her third husband. She is survived by her husband, one daughter, Mrs. Ida May Staugh, who was born to her in marriage with Samuel Doty, one brother, Frank Fowler, of this city, five grandchildren, and three great grandchildren.

Mrs. Jessup was a member of the East Main Street M. E. church, but her illness of the past few years prevented her attendance upon church services.

The funeral takes place Sunday afternoon at 2:30 o'clock from the home, 124 Penny avenue, and the interment will be in Cedar Hill cemetery.

Card of Thanks.

We extend heartfelt thanks to relatives, friends, neighbors and to all who were so kind to us during our recent sorrow. Mrs. Sarah Anderson and Daughters.

Your Boys and Girls

Miss Eighteen thinks the world is at her feet. She is ambitious, but expects it all right away. But the girl who expects to step right into the best possible salary, who expects to earn a reputation at once as a musician or an artist, or perhaps, to be most sought after as a member of society, must look out for herself. She is too satisfied, although she may not think so. Of course she would not at eighteen, but after five or ten years she will see that it is not well to be too confident.

When school ends do not give all your time to play, or if you must take a position, do not give all your outside time to fun. Do not stop trying to improve yourself. If your tastes run to domestic arts, learn to do them well; if they run to fine arts do not despair if you have neither time nor opportunity to spend in study. The chance will come some day if you really try for it.

Meanwhile study as well as you can for yourself. Find some hour or half hour of the day you can call your own and make the most of it. It doesn't do anything else it will broaden your mind and prepare you for the great opportunity when it comes. Don't overlook the opportunity when it does come, for sometimes we do not recognize it when we see it, just because it does not seem to offer just what we think we want at the moment.

Board of Directors,
The Newark Trust Company,
Newark, Ohio,

May 22, 1915.

Gentlemen:

We have concluded our regular audit of the books of account and record of THE NEWARK TRUST COMPANY, NEWARK, OHIO, and submit herewith Statement of Condition as of the close of business April 27th, 1915.

An actual count of the Cash on hand was made by us at the close of business on the date aforementioned, and we fully verified the balances on deposit with banks by direct communication. All cash funds were fully accounted for according to the records.

We inventoried and inspected all recorded Loans and Discounts together with the collateral on file, and in addition we corresponded with borrowers having loans of \$1,000.00 and over and with all borrowers with collateral pledged. No discrepancies were reported. All notes secured by Real Estate Mortgages were examined in detail and in addition we found from the records at the Recorder's offices in Licking and adjoining counties that all mortgages were on record and uncanceled.

All securities owned were fully accounted for by an actual inventory and inspection of those on hand and by correspondence with the holders of securities held for safe keeping or pledged to secure deposits of Public Funds and Trusts assumed.

All depositors' accounts were listed by us and the aggregate found to agree with your records. During the course of our examination we compared all pass books or other evidence of deposit submitted to us with the records and found no discrepancies.

We found the affairs of your bank under the active supervision of your Board of Directors and Executive Committee, with efficient officials in charge.

WE HEREBY CERTIFY that we have examined the books of account and record of THE NEWARK TRUST COMPANY, NEWARK, OHIO, as outlined herein, and that in our opinion, based upon the records, the Statement of Conditions submitted herein is drawn up so as to correctly set forth the Resources and Liabilities of the bank at the close of business April 27th, 1915.

Very truly, yours

ERNST & ERNST,

Certified Public Accountants.

Associated Charities' Work Since It Was Organized Subject of Fridays Meeting

As had been previously announced the annual meeting of all persons interested in the Associated Charities met Friday afternoon at 3:30 o'clock in the council chamber in the city building with Mr. E. C. Wright, president of the board of managers in the chair. On account of the absence of the secretary, Mr. Andrew S. Mitchell was appointed secretary pro tem.

While the attendance was not as large as it should have been it was representative, a great interest was manifested, and Newark is to be congratulated upon the management of this society during the first months of its existence. To those who have made some special investigation we find that much has been accomplished that many associations of longer standing would be glad to have as their record. Supt. W. E. Hopkins has introduced and already worked out new plans that have been the means of inspiring those in unfortunate circumstances to help themselves through means of honorable employment rather than accepting something for nothing. In addition to the results as usually sought in charity work the city has been benefited in a way as never before.

After a few introductory remarks, setting out the object of the meeting, had been made by the chairman, reports were called for from the various committees.

Mr. Charles W. Montgomery, treasurer, made a detailed report of the finances. His report shows that there has been expended for charitable work the sum of \$2638.15. The overhead expenses have been \$131.50. This is in addition to the superintendent's salary which was especially subscribed for that purpose. The report shows a balance on hand of \$11.66 and \$887 uncollected subscriptions which are considered good.

The next report called for was the report from the garden committee as read by Mrs. Fleck. This report shows that this committee has been one of the most active and has been able to accomplish a great amount of work through which efforts many families are being helped, and many people are finding both work and recreation which will tell for good in the community.

This committee is using its efforts not only for vegetable gardening, but also flower gardening, which is adding much beauty and having its influence for a higher conception of living in the sections where the work is being done.

Mrs. Fleck closed her report with a little quotation which is worth repeating at this time:

"Real towns are not made by men afraid
Lest somebody else gets ahead.
When everyone works and nobody shirks
You can raise a town from the dead.
And if while you make your personal stake
Your neighbors can make one, too.
Your town will be what you want to see."

It isn't the town—it's you."

Superintendent W. E. Hopkins read the report from the park committee as the same had been prepared by Mrs. Montgomery. This report shows judicious consideration on the part of this committee looking to the greater work in the near future which they will be able to do.

Mrs. Miller made an interesting verbal report on behalf of the committee on playgrounds. In her report she showed the obstacles which had been met on account of which greater results in their work have not been had.

Superintendent Hopkins then read a full and detailed report giving to those present a more comprehensive knowledge of the work being done under his management. This report was not only interesting and instructive, but very gratifying.

Superintendent Hopkins will be asked to have printed much of his report, and we will not attempt to give the details of it at this time.

The chairman then read from the constitution of the society showing the object and purposes of the organization as there outlined and said that those present are satisfied and interested in the work sufficiently and thought that the work should be continued that he would entertain a motion to proceed to the election of a board of managers. After a few remarks showing an appreciation of the efforts by the present board of managers the entire membership of the board was nominated and unanimously elected.

Superintendent Hopkins spoke for a few minutes showing the broad field that is opened to this organization for the coming season and referred to his recent visit to Baltimore while attending the national convention of Associated Charity workers.

Mr. Montgomery said that as we had heard of the great field of work and of ideals to be attained we must not forget that we would need funds for the coming year and desired to call attention to the necessity of working out plans whereby the same might be obtained.

The meeting then adjourned.

FOR THE WIFE

TO READ TO HER HUSBAND

Your money is your business capital.

Merchandise, factories and the like, are capital invested. Salespeople, it is the interest thereon. Such interest is your income.

Imagine yourself turned out, without fire insurance, penniless, in debt, capital gone, income ceased.

Deplorable, indeed! the situation!

Your life is your family's capital. Merchandising, manufacturing, or other occupation, or capital invested. Sales-profits is the interest thereon. Such interest is the family income.

Imagine your wife a widow, without life insurance, penniless, in debt, capital gone, income ceased!

Deplorable, indeed! the situation!

Your capital gone and you have left two strong arms and an active brain to begin life anew.

C. W. GUNION.

Her capital gone and she has left—your orphan's, your debts, your broken promises, your legacy or want.

But you protect your capital: you are afraid to risk your merchandise, your factory, even for a night, lest the demon of fire swoop down upon it destroying it in an hour.

Do you not suppose your wife is equally afraid to risk her capital, your life, lest the demon of disease swoop down upon it, leaving only the useless clay?

Where prudence and forethought bid you to insure to protect your capital, let duty and manliness bid you insure to protect her capital also.

Call and get your wife and children a policy.

BURMANS IN BUICK MAKE LONG DRIVE

MAKES RUN FROM SAN FRANCISCO IN VALVE-IN-HEAD SIX-CYLINDER CAR.

Wild Bob Burman, speed king, rolled into Indianapolis a few days ago with his wife and daughter and his race mechanic, Jack Galbe, in a Buick Six. The car had left San Francisco seventeen and one-half days previously and had been on the road every day but one. On all but three days rain and stormy weather were encountered, and yet when the big car was rolled off the washstand two hours after its arrival it had a new appearance that would have warned any owner's blood.

Burman joined the party at Kansas City, his wife, daughter and mechanic having journeyed from Frisco to that city alone. Bob came up from Oklahoma City, where he had just won the feature event of a big race card with a valve-in-head French racing car. The trip from San Francisco was without incidents. Some extremely bad roads were encountered on the 3,155-mile run, but the car traversed every foot of the journey, the tourists disdaining to follow the example of many others and ship a portion of the way. From Frisco the route lay to Los Angeles, and thence over the old Santa Fe trail, across Arizona, through a corner of Colorado to Kansas City, thence to Springfield, Ill., and Indianapolis. Skid chains were used over 500 miles. The gasoline consumption approximated fourteen miles to the gallon, and just to show that the car felt no ill effects of the long grind, the last leg of the journey between Springfield and Indianapolis was covered at an average of thirty-three miles an hour.

A few feet behind the Burman car when it arrived at Indianapolis was the Buick Six of Mrs. A. L. Peene, of New York, also from San Francisco. In the party besides the owner were George H. Davis, Miss H. Terry and H. Blackstone. Coincidentally the two Buick Sixes had met on the road, having left the same starting point at different times. The day it reached Indianapolis the Peene car traveled 265 miles, in decided contrast with a previous day when thirty-four miles were negotiated in eleven hours. Like the Burman Buick the Peene Buick had made every foot of the trip on its own power.

Burman's motoring career was started in the Buick factory where he worked his way from mechanic's helper to tester and eventually to the
